NABR NETWORK WINS NEW MANAGEMENT COMPANY: NEW JERSEY-BASED RCP MANAGEMENT

Lewisville, Texas (January 16, 2019) –Nabr Network, the leading mobile and web communication system built specifically for community management companies and their associations, announced today RCP Management has selected Nabr Network as the official communication tool of their association management business.

RCP will use Nabr Network's website and mobile application to improve communication in the communities they manage.

RCP Chief Operating Officer Kristina Munson said, "The Nabr team has been great to work with from set-up and onboarding through implementation and user training. Change is never easy, especially for Board members, but they have embraced the simplified interface. Managers love the dashboard that allows them to easily navigate the community website to update information, post documents, create events and provide an overall enhanced online communications experience for our clients.

The real difference for OUR team has been the support we receive from the Nabr Network team. It is night and day from our previous website provider and the prompt professional support is valued and appreciated more than words can express!"

"At Nabr Network, we pride ourselves on the level of service we provide our clients. From onboarding to setup to training and ongoing support, we are there to support our clients. I'm happy we are able to provide a positive experience for RCP and look forward to a long, productive partnership," remarked Nabr Network President James Garner.

Nabr Network is the industry's most comprehensive private communication platform and web presence– specifically developed for community associations.
