NABR NETWORK WELCOMES ARIZONA-BASED CADDEN COMMUNITY MANAGEMENT TO THEIR GROWING CLIENT LIST

Lewisville, Texas (May 13, 2019) –Nabr Network, the leading mobile and web communication system built specifically for community management companies and their associations, announced today that Cadden Community Management has selected Nabr Network as the official communication tool of their association management business.

Cadden is using Nabr Network's website and mobile application to improve communication in the communities they manage.

"Cadden Community Management is very happy with how comprehensive the features for Nabr Network's mobile app and website are. We've recently launched Nabr Network in several of our communities and we've found Nabr Network's team to be very responsive. Their communications platform is polished and user-friendly. We look forward to introducing this communication tool to all of our boards and homeowners," said Cadden Vice President Brett Anderson.

"We're excited to be working with Cadden to bring proactive communication to the communities they manage. It's a great partnership and we look forward to launching Nabr Network in more of their communities," remarked Nabr Network President James Garner.

Nabr Network is the industry's most comprehensive private communication platform and web presence– specifically developed for community associations. Nabr Network goes beyond traditional websites and email blasts to deliver time-sensitive alerts, reminders and event notifications on the devices that residents prefer to use. Nabr Network's one-touch communication platform provides management companies and associations the ability to push news through mobile app, text, email, Community Feed and automated web updates. Nabr Network's integrations with leading industry accounting software companies allow homeowners seamless account access with a single login to their Nabr Network application.
